

Duratech Industries Pty Ltd is a Canberra based and owned company which began supplying vinyl wrap doors to kitchen, vanity and wardrobe builders in 1997. We started in Queanbeyan with a workforce of four employees and through sustained growth and planning are now employing over twenty full time employees at our Fyshwick premises.

We manufacture our vinyl wrap doors using quality Australian made, moisture resistant medium density fibreboard and source the worlds' best vinyls from Australian and international manufacturers which enables us to offer the largest range of colours and finishes available.

We are adaptive, innovative and continually strive to offer products that appeal to market trends. Our standard of production is exceptional and we are committed to providing products that are the best – a fact that is backed by our ten year manufacturer's guarantee.
