

Duratech Industries are now distributing StyleLite panels.

StyleLite Panels are the premium choice for all modern interior spaces. Flawless in design and function, StyleLite presents a luxurious panel solution for all vertical cabinetry needs. Offering unsurpassed smoothness and depth of colour, StyleLite panels have an extensive high gloss and velvet matte range to select from.

Using state of the art technology, all doors and panels are now edged using PUR lamination to present a near seamless edge finish.

Doors available to order on both E0 MR MDF and light weight ply substrates.
